Dear Mr. Nygard and Mr. Pierre:

This letter formally submits, as an enclosure, three copies of the subject primary document to each of your agencies' WAG 6/10 Project Managers. The subject document resolves all of your agencies' comments. The original draft of the Scope of Work (SOW) was submitted by the reference letter. In a December 10, 2002, letter the EPA initiated the informal dispute process concerning the SOW. If the enclosed document is found to be fully responsive to all comments, DOE requests that the EPA Program Manager formally document that the informal dispute period has ended.

If you have any questions concerning this submittal, please call either Glenn Nelson at (208) 526-0077 or me at (208) 526-4392.

Sincerely,

A handwritten signature in cursive script, reading "Kathleen Hain", is positioned above the typed name.
